Proposal to Park 15-20 School Buses in the NECP Parking Lot

The school committee is essentially proposing to turn part of the Aquinas parking lot into a bus depot. 15 to 20 buses would be dispatched daily and stored permanently, including summers, on the North side of the lot. The city would pave over the old playground and possibly cut the curb on Jackson Rd.

Please voice your opposition to this plan. The property has very limited green space and we would be trading much of that space for the visual, air and noise pollution of a bus depot. This is not a smart choice for the safety and well-being of our children and our neighborhood. Buses should be stored in an appropriate industrial area away from schools and homes. More work should be done to find a suitable parking lot instead of rushing into this ill-conceived idea.
